

Fiji Investment Corporation Limited (FICL)

CALL FOR INVESTMENT PROPOSALS 2025

Fiji Investment Corporation Limited (FICL) invites expressions of interest from innovative and impactful ventures seeking funding support. FICL, a private limited liability company fully owned by the Fijian Government, was established to catalyse domestic investment and drive sustainable economic growth across Fiji. We are looking to partner with businesses that align with our commitment to transformative, sustainable development.

About FICL

Operating under the Ministry of Trade, Co-operatives, Micro, Small and Medium Enterprises, FICL aims to:

- **Empower Local Businesses:** By providing seed and development capital for high-potential start ups and expanding businesses.
- **Fuel Sustainable Growth:** Through investments that contribute to Fiji's long-term economic resilience, environmental sustainability, and social progress.
- **Accelerate Economic Development:** By prioritizing investment projects that create local employment, improve livelihoods, and advance industry innovation.

What We're Looking For

We welcome proposals from organizations or entrepreneurs focused on high-impact sectors, including renewable energy, agriculture, tourism, and technology. Projects must:

1. **Be based in Fiji** and contribute positively to the local economy.
2. **Align with FICL's sustainability goals**, demonstrating environmental and social responsibility.
3. **Show sound business fundamentals** and strong potential for profitability and growth.
4. **Offer a viable investment exit strategy**, ensuring value creation for all parties involved. All investment is required to have a clear exit strategy.

Funding Structure

FICL offers tailored funding solutions designed to meet the diverse needs of businesses and investment projects, with options that balance risk and opportunity. These include:

- **Equity Financing:** FICL provides equity capital to support businesses, enabling growth and innovation while sharing in the project's success. Equity financing is structured to align with FICL's long-term investment goals and ensure mutually beneficial outcomes.
- **Debt Financing:** Flexible debt options are available to help businesses scale operations or bridge funding gaps. FICL offers competitive terms tailored to project requirements, ensuring financial sustainability and risk management for both parties.
- **Quasi-Equity and Blended Financing:** Where appropriate, FICL can offer hybrid financing solutions that combine equity and debt, designed to meet the unique needs of projects while minimizing financial risks.

These solutions reflect FICL's commitment to fostering transformative investments that drive sustainable growth across Fiji.

Funding Value

FICL will consider investment values from \$100,000 up to \$500,000. Investments above \$500,000 can be considered at the discretion of the Board.

Application Requirements

To apply, submit a proposal including:

1. **Project Overview:** Describe the project, provide key contact person details, and contact information.
2. **Company Details:** Registration certificate, ownership structure, statutory compliance certificates, etc.
3. **Business Plan:** A 5-year business plan with clear milestones and goals.
4. **Financial History:** Last 3 years of financial statements.
5. **Projected Financials:** 5-year cash flow forecast.
6. **Funding Proposal:** Type of financing sought (equity, debt, or both), required amount, and projected term.
7. **Supporting Documents:** Title deeds, valuation reports, concept designs, and any existing loan or grant information, if applicable.

Important: Complete and accurate documentation is required for consideration. Incomplete proposals will be returned.
